UVOD

Očekuje nas četvrto izdanje **Međunarodnog studentskog filmskog festivala – STIFF**. Ovo je prvi festival u Hrvatskoj koji se fokusira isključivo na rad mladih filmaša koji tek započinju svoje karijere, pa ipak – svako je izdanje festivala **STIFF** po nečemu osobito, s fokusom na specifičnu temu ili žanr. **STIFF** je dosad naglašavao eksperimentalni film i video radove, animaciju, dokumentarni i hibridno dokumentarni film kroz zbrojne teme poput prošlogodišnje „Promišljanje Stvarnosti». Prikazao je već nagrađene studentske filmove od kojih Oscarovce, Cannesovce, Idfaovce i Berinalce, i tako je otvorio vrata čudesnim mladim talentima sa svih strana svijeta.

Slijedeći svoju tradiciju, 4. **STIFF** održat će se između **19. i 22. listopada 2017.** u Art kinu Croatia u Rijeci, a bit će organiziran kao partnerski projekt Filmaktiva, neprofitne organizacije posvećene filmskoj kulturi i Studentskog kulturnog centra (SKC), Sveučilišta u Rijeci.

Fokus ovogodišnjeg festivalskog programa je na problemima društva stoga vam ove godine donosimo niz angažiranih, ali i razigranih filmskih pristupa koja propitkuju svijet danas. Studentski i debitantski redatelji pristupaju osjetljivim temama u našim društvima na vrlo zrelo i izravan način. Slogan festivala **Social ISsUeS (Društvo smo Mi)** tipografska je igra izvedena iz engleskog jezika koja podcrtava da socijalna pitanja nisu samo problemi stanovite skupine ljudi već problem društva u cjelini. Atomi smo koji čine molekulu. Osim filmskog programa odlučili smo ove godine organizirati i niz razgovora nakon projekcija filmova na temu obiteljskih i društvenih odnosa, migracija, seksualnosti i problema manjina.

Ovo i paleta edukacijskih programa povezanih s festivalom dio su „male ekspanzije“ festivala zvanog **STIFF FILMSKI KRUG**.

Festivalski žiri je podijeljen u tri tima, od kojih svaki uključuje jednog profesionalca iz pojedinog područja, jednog gosta redatelja čiji je film bio prikazan kao dio festivalskog opusa prošle godine i jednog studenta odnosno studentice Sveučilišta u Rijeci koji/a je prošle godine pohadao/la radionicu Filmske kritike. Žiri će dodijeliti nagrade za Najbolji igrani film, Najbolji dokumentarac i Najbolju animaciju, a publika će glasovati za Nagradu publike.

Urednice su festivala Maša Drndić i Sanja Marjanović, koje odabiru filmove i uređuju program festivala, a njihov posao obuhvaća odabir iz velikog broja filmova koji pristižu iz čak 52 zemlje svijeta.

STIFF FILMSKI KRUG funkcionira kao diskurzivni segment Međunarodnog studentskog filmskog festivala, koji osim stručnog usavršavanja mladih zaljubljenika u film, educira i odgaja buduću festivalsku publiku te ukida stare skepse da su studentski radovi „amaterski“ odnosno manje vrijedni i kreativni od radova iskusnijih filmaša.

Cilj je popratnih programa festivala otvoriti javni prostor za dijalog izvan institucija, odnosno izvan „sigurne zone“ Sveučilišta te stvoriti svježi, neutralni prostor za učenje kroz praksu, kommunikaciju i suradnju. Četiri glavna programa **STIFF** filmskog kruga su **Edukacija na terenu**, **Diskusije nakon projekcija**, **Radionica filmske kritike** i **STIFF On the Road**.

Kroz edukacijske procese pod nazivom **Edukacija na terenu** STIFF-ovi festivalski tim vodit će studente kroz specifične djelatnosti kao dijela festivalske organizacije; bavit će se poput PR-a, menadžmenta društvenih medija, titlovanja filmova u kinima, prijevoda, dizajna, ugošćavanja i rada s gostima na festivalima, te javnoj prezentaciji – kroz svoje volonterske programe – dat će šansu studentima da se povežu, nauče nove vještine, zabave se i osjete festival svojim.

U organizaciji festivala na razne načine sudjeluju i brojni studenti Sveučilišta u Rijeci, kojima festivalsko osoblje pridaje posebnu pažnju u obučavanju i osposobljavanju za rad na specifičnim festivalskim poslovima. **EDUKACIJA NA TERENU** svake godine uključuje studente dizajna Akademije primijenjenih umjetnosti u Rijeci koji dizajniraju sve festivalske promotivne materijale, studenti Anglistike prevode tekstove za katalog te titlove za filmove, a brojni drugi studenti zaduženi su za objave na društvenim mrežama, osmišljavanje i moderiranje tribina, titlovanja filmova, dočekivanja gostiju i distribucije promotivnih materijala.

Određen broj programskih cjelina svih dosadašnjih STIFF festivala rezerviran je za filmove koji reflektiraju aktualne društveno-političke teme stoga smo ove godine odlučili pokrenuti otvorene diskusije koje se reflektiraju na aktualne teme potaknute filmovima iz selekcije. **RAZGOVORI STIFF FILMSKOG KRUGA** slijede nakon projekcija „Ono o čemu ne pričamo“, „Odiseje“ i „Ovdje!“. Moderatorice okruglih stolova su Greta Grakalić-Rački, stručna suradnica Kulturalnih studija sveučilišta u Rijeci i Petra Bezjak, studentica diplomskog programa kulturalnih studija u Rijeci.

Nakon tri uspješne godine i dvadesetak iznimno kvalitetnih recenzija filmova iz programa STIFF-a, RADIONICA FILMSKE KRITIKE nastavlja se pod vodstvom doc. dr. sc. Dejana Durića. Polaznici radionice su studenti Sveučilišta u Rijeci koji će u pet dana, koliko radionica traje, usvojiti širok raspon analitičkih pristupa kroz predavanja i diskusije o filmovima iz selekcije četvrtog STIFF-a. Razvijat će stil i analitički pristup pisanja recenzija u formi novinske kritike, analitički procjenjujući umjetničke kvalitete filma, a da se pritom ne podcjenjuje potencijalne čitatelje. Kao rezultat radionice izlaze tekstovi podjednako namijenjeni svakodnevnom konzumentima kino repertoara koji žele nešto više saznati o filmu, ali i zahtjevnijim čitateljima koji su skloni polemičkim analizama. Izbor kritika se kroz medijske partnere objavljuje na portalima poput dokumentarni.net dok je cijeli opus dostupan na web stranicama STIFF-a.

Osim programskih događanja tijekom samog festivala, STIFF putuje i surađuje s drugim festivalima, sveučilištima i organizacijama u obliku programa pod nazivom **STIFF ON THE ROAD**, koji je putujući program odabranih filmova iz selekcije festivala, a za cilj ima osnaživanje suradnji, promociju festivala i poticanje na dijalog aktualnim događanjima, istovremeno podižući svijest o studentskom filmu. Do sada je STIFF u više navrata posjetio Pulu i Zagreb te je gostovao u Beogradu, Bonnu i Edinburghu.

INTRODUCTION

We are looking at the fourth edition of **Student International Film Festival – STIFF**. This is the first festival in Croatia to focus exclusively on work of young filmmakers just starting their careers, but each edition of the festival brings a new twist with a focus on specific theme or genre. **STIFF** has so far focused on experimental film and video works, animation and documentary hybrid films as part of the theme “Rethinking Reality” last year. It featured Oscar, Cannes, Idfa and Berlinale awarded student films and it opened a door to amazing talents from around the world.

Following in this tradition, **the 4th STIFF** will take place from **19th till 22nd October 2017** in Art Kino Croatia in Rijeka, organized as a partner project of Filmaktiv non-profit organisation and Student Cultural Centre (SKC) of The University of Rijeka.

The focus of this year’s programme is on social issues and so this year we bring you a series of engaged and playful approaches to film making – gathered around questioning the cultural settings of the world we live in. Student and debutant directors approach sensitive themes in our society in a very mature and unfiltered way. This year’s STIFF slogan is **Social ISsUes** – it’s actually a typographic “riddle” aimed to underline the fact that social issues aren’t just a problem of a certain group of people, but they are in fact the problem of the society as a whole. We are atoms that constitute the social molecule.

Besides the film program, we have this year decided to organize a set of conversations after screenings with an intention to review certain familial and

social relations, migrations, sexuality and minority issues. This and a variety of educational and networking programs attached to the festival are part of the festival’s expansion called **THE STIFF FILM CIRCLE**.

The Festival jury is divided into three teams, each including one professional in the field, one guest director whose film was part of the festival program last year and one University of Rijeka student who attended last year’s Film Critic Workshop. They will award Best Fiction, Documentary and Animation and the audiences will vote for an Audience Award.

Directors of the festival Maša Drndić and Sanja Marjanović, who also select films and program the festival, were once again put to a difficult task to choose among films arriving from 52 countries around the world.

THE STIFF FILM CIRCLE functions as a discursive segment of the International Film Festival, which apart from reinforcing professional growth of the young film lovers, also educates and raises future festival audiences all the while trying to diminish the old sceptic stereotypes about student movies being “amateur” i.e. less creative and valuable than the films made by long-time film professionals.

The objective of the accompanying programme is to open a public space for a dialogue among institutions, that is to say, to step outside the safety zone of the University, and to create a fresh, neutral space for learning, dialoguing and collaboration. The four main programs of the STIFF Film Circle are **Field Education, After-Screening Discussions, Film Critics Workshop and STIFF On the Road**.

Through educational project named **Field Education**, STIFF's Festival Team will mentor students on specific jobs as part of the festival organization like: PR, Social media management, translation, subtitling films in the cinema, design of all visual media, hospitality and work with guests of the festivals, public speaking and through its volunteering program. these will give a chance for students to network, learn, have fun and claim the festival their own.

A certain number of program units of each of the previous STIFF festivals have been reserved for films that reflect the contemporary socio-political topics, and therefore we decided to start a new practice this year - open discussions focused on current matters worldwide - encouraged by the films selected for screening. The screenings of "Things we don't talk about", "Odyssey" and "Here!" will be followed by the **After-Screening Discussions**. Moderators of the roundtables organized are assigned: Greta Grakalić-Rački, a assistant professor of Cultural Studies at the University of Rijeka and Petra Bežjak, a graduate student of Cultural Studies in Rijeka.

After three successful years and around twenty exceptional quality reviews of movies presented at the STIFF festival, **Film Critics Workshop** is held under the guidance of doc. dr. sc. Dejan Durić. The workshop attendants are University of Rijeka students who will within five days be able to dispose of a wide range of analytical approaches through lectures and discussions on movies in the selection of the 4th STIFF film festival. The workshop aims to contribute to the development of the analytical writing of critical texts, using theoretical analysis to determine the artistic value of a film, and without

underestimating potential readers. As a result of this workshop we have a valuable textual production both directed at the everyday average consumer of the city's cultural repertoire, and all of those who want to know more about a particular film, but also the more demanding readers prone to polemic analysis. The selected reviews are published (via our media associates) at portals such as dokumentarni.net, while the entire opus is available at the Official STIFF Website.

Beside the festival's usual program, STIFF is travelling and working with other festivals, universities and organizations in a form of a program called **STIFF On the Road** - it is a travelling program dedicated to screenings of selected films which have been shown on the current year's festival, and it is aimed at reinforcing collaborations, promoting the festival and encouraging a dialogue about contemporary matters, while at the same time raising awareness on student filmography per se. So far, STIFF has visited Pula and Zagreb, Belgrade, Bonn and Edinburgh.

Film "O mojoj sestri" dokumentarni je esej o adolescentnoj ženi koji opisuje trenutačni svijet kroz oči mlade, inteligentne osobe koja se (protiv svoje volje) odlučuje izolirati od društva. Ovaj film govori o udaljenosti među ljudima – i o strahovima koji iz nje proizlaze.

The film "About My Sister" is a documentary essay about a teenage girl. It depicts the contemporary world through the eyes of a young, intelligent person, who (unwillingly) decides to isolate herself from society. This movie is about the remoteness among us – and about the fear it causes.
